

BEACON CHRISTIAN SCHOOLS

GETTING INVOLVED FOR THE STUDENTS ~ G.I.F.T.S.

Beacon Christian Schools thrives because of the multitude of parental and non-parental involvement given throughout the year. Many hours are contributed for which we are eternally grateful. GETTING INVOLVED FOR THE STUDENTS is a way for us to encourage our families to use their gifts in ways that will enhance children's education. Parental involvement and support are an asset to our school and society. By volunteering you directly help reduce the cost of education, promote a sense of community and fulfill the vision of BCS.

In order for us to be successful in these efforts we need you to complete this survey to better enable us to determine where your gifts and skills may best be served throughout the coming years. This information will be kept confidential and entered into our database and will help us to fill a variety of volunteer needs. Please fill this out even if you are already involved.

Please check all the areas where you feel you have gifts and skills and that interest you:

Education

- checkbox library resource checkbox classroom assistance
checkbox reading checkbox story telling checkbox library archiving
checkbox music checkbox drama

Business skills
