Hus Church is pleased to host a Life Line Screening preventive health event to scan for risk of an abdominal aortic aneurysm (AAA). Life Line Screening uses hospital quality ultrasound technology to detect an enlargement or weak area in the main blood vessel that carries blood from the heart to the rest of the body. Warning signs of AAA often go unidentified and if ruptured, abdominal aortic aneurysms are 80-95% fatal. The screening will be held on **Monday, December 15, 2008**. Register for a Wellness Package with Heart Rhythm for \$149.00. All five screenings take 60-90 minutes to complete. Call **1-800-324-1851** for more information or to pre-register.
