

La Mirada Cup Ends in 0-0 Tie with Chino

Dec. 9 | La Mirada

Looking to rebound from a poor second half performance earlier in the day with Valencia, an eventual 2-1 defeat, the Lady Knights took the field with its cross town neighbor, Chino. Even though the schools are separated by only a few miles it would only be the second time they have met on the soccer field with OC winning the first match. The teams would prove to be evenly matched and both sides showed promise with an early opportunity to score. The game quickly settled into a mode of give and take with neither team exerting a great deal of pressure on their opponent. Both teams played well defensively as a unit and did not allow the offenses to create any meaningful scoring chances. In the end each team would muster only five shots apiece. Brittany Kato and Christina Serna shared the goal keeping duties for Chino with each player making a save each. Junior goalkeeper, Martina Long, recorded three saves in route to posting her first shutout of the season.

The tie brings Ontario Christian's record to 0-3-3 on the year and they will travel to Monclair for a 3:15 match with the Cavaliers on Tuesday, December 12.
